MODERN URBAN DESIGN

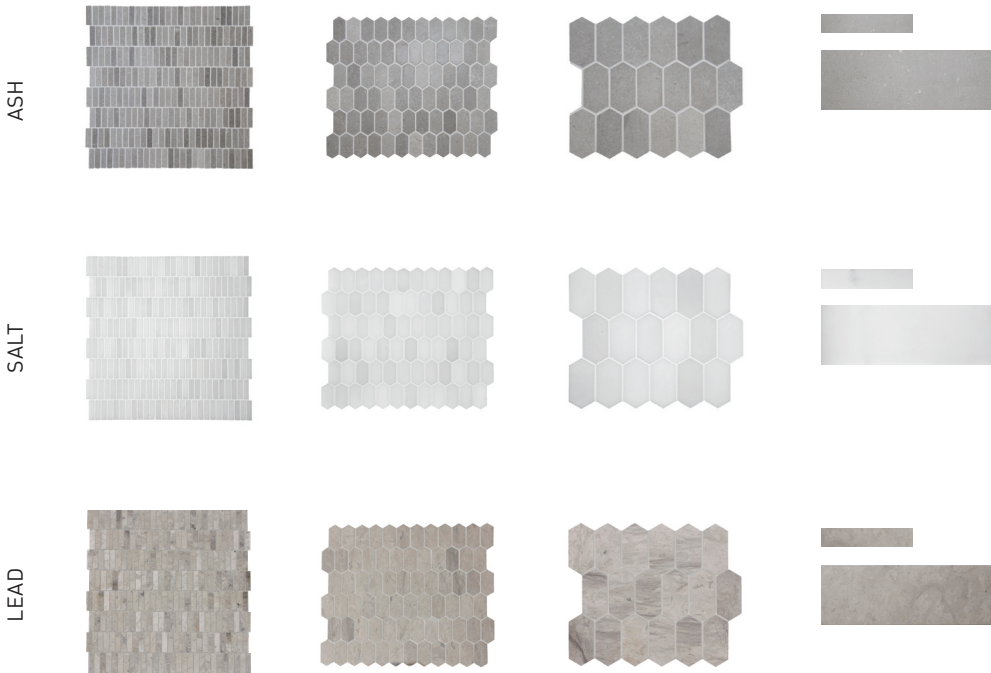

Established in 2002 and fully designed in Montreal, the MUDtile philosophy is as authentic and unique as the earth from which it is made. An entirely organic product from concept to production, the MUD tiles are composed of a variety of natural stones in different finishes and textures, cut into geometric shapes and arranged in refined and clean patterns.

The MUDtile mission is to provide innovative **Modern Urban Design** solutions to the aesthetic of any environment.

IMPORTANT NOTES

Installation should be performed with a rapid-set mortar such as Mapei Granirapid. For installing white and light-colored mosaics, use white Granirapid. Grouting should be performed using a matching color unsanded grout such as Mapei Keracolor U. Daily maintenance can be performed with a neutral detergent, the use of abrasive cleaners is not recommended.
